

ENZO FERRARI

My favourite hero is Enzo Ferrari because he has founded an important motor society famous all over the world. His society produces cars, winners in many motorist leagues. Also now Ferrari's cars are sold abroad. Enzo Ferrari was born in Modena 18 February 1898. After WWI Enzo Ferrari worked for Fiat. In 1920 he started to run with Alfa Romeo, in 1923 he received the "cavallino rampante" in Ravenna. In 1924 Enzo Ferrari won the cup ACERBO from Pescara. With Alfa Romeo Enzo Ferrari became Team Manager and in 1929 Ferrari racing team was born. Enzo Ferrari built a team with 40 car drivers. He ran until to the birth of his son Dino in 1932. In 1923 the Alfa Romeo had an economic crisis and in 1927 he retired. In 1947 the Ferrari was founded. The first race was the "Grand Premium of Monaco" in 1947.

The first victory in F1 was the Grand Premium of Great Britain in 1951. In 1952 the Ferrari won the world title of F1.

Enzo Ferrari died on 14 August 1988. One month after his death at Gran Premium of Italy of F1 in Monza two Ferrari cars won and named the victory to his memory.
